Increase Productivity

Streamline Workflows

Maximize Technology Investment

	TPM1 PREMIER	TPM1 ENTERPRISE
<p><b>Enhanced Centralized Support.</b> In addition to centralizing unlimited technical support for all SOLIDWORKS, Autodesk, Bluebeam, Copiers &amp; Printers, Plotters, and 3D Printers, the TPM1 Premier Program includes an accelerated response time of 2 hours or less from our Customer Experience Team.</p>	✓	✓
<p><b>TPM1 Customer Portal.</b> All TPM1 customers gain secure access to our TPM1 Customer Portal, allowing you to access knowledge base content easily, manage all software and hardware assets, pay invoices online, and monitor support tickets.</p>	✓	✓
<p><b>Productivity Toolset.</b> In addition to your core CAD solution, the TPM1 Premier Program includes a fully integrated productivity toolset for Autodesk and SOLIDWORKS. These toolsets help you automate redundant tasks, save time, and reduce errors in your team's workflow.</p>	✓	✓
<p><b>Printing &amp; Scanning Voucher.</b> This \$250 annual voucher applies to almost all things TPM, including TPM ColorLab. TPM1 Premier Program registrants can use this voucher for 3D printing services, hardware, document scanning &amp; conversion, interior &amp; exterior graphics, event displays, and vehicle wraps.</p>	✓	✓
<p><b>On-Demand eLearning Library.</b> Gain access to over 40,000 tutorials and 15,000 skills assessments from the industry-leading providers in eLearning: CAD Learning and SolidProfessor. These tutorials and skills assessments fully integrate into your favorite CAD package, helping your teams boost their skills and improve productivity.</p>	✓	✓
<p><b>eLearning Enterprise Management.</b> Upgrade your eLearning experience with enterprise-level access, allowing you to add and centralize all company development assets into one seamless interface. eLearning Enterprise Management will enable you to create and customize course content and assessments for your employees and track team development through robust dashboards and reports.</p>		✓
<p><b>Live Instructor Training Voucher.</b> Receive a \$250 voucher for any multi-day, instructor-led Autodesk, SOLIDWORKS, or Bluebeam open enrollment course. Open enrollment training courses are offered either in person or through our virtual training platform.</p>		✓
<p><b>Professional Services Hours.</b> Leverage our team of experts when the help you need is beyond technical support. Get 1-on-1 expert-level guidance, learn best practices you can start using today, enhance workflows, automate, and more. Each seat includes 1/2 hour, which is combined for a complete block of enterprise-wide access to our technical solutions consultants' expertise.</p>		✓
<p><b>Professional Services Discount.</b> Receive a 20% discount on any services project, including consulting, implementation, 3D laser scanning, and custom training. This discount only applies to internally delivered TPM services.</p>		✓
<p>Annual Subscription (\$/user/month paid annually)</p>	\$14.99/month	\$29.99/month
